1. **When are ballots being mailed to people who applied to vote by mail?**

We anticipate that ballots will be mailed out in late September.

2. **Can I vote in person after requesting a ballot?**

If you change your mind and want to vote in person after being approved for a mail in ballot you can bring your ballot & the envelopes to the polls with you. You will give your ballot & envelopes to a Poll Worker and they will void it for you; enabling you to vote in person.

The Poll Workers will be able to tell who has requested a mail-in ballot, so if you forget to bring your mail-in ballot & envelopes with you so that it can be voided you will be given a provisional ballot to complete at your polling location. This ballot will only be counted once we verify that your mail-in ballot has not been received by the Election Board.

3. **I applied for an absentee/mail-in ballot online but have not heard back. Do I apply again?**

No, thank you! [You can track your application by clicking here.](#)

5. **My mail-in ballot application was declined because it was a duplicate, what does that mean?**

It means that we have already received your application. So, if you apply again, it will be considered a “duplicate” and rejected. This does not cancel your previous application.

We strongly recommend checking your status before submitting a second application.

9. I am moving to a new address in Montgomery County in October, after the date the ballots are going out. How do I make sure I get my ballot?

Ballots are not forwarded by the USPS, so if you're now living at a different address than the one you provided on your mail-in ballot application; you will need to call our office at 610-278-3275. A representative will need to void the ballot that was sent to your former address and assist you as you complete a change of delivery address form. After that, we will mail a new ballot to your new address or you can come to our office at 425 Swede St in Norristown to pick up your ballot.

You cannot submit another application or the change of delivery address form without having your original ballot voided first. Otherwise, our system would identify it as a duplicate or second request for a ballot and reject the application. This helps ensure that every voter only receives one ballot.

10. How do I change the address that my ballot is being mailed to?

Ballots are not forwarded by the USPS, so if you're now living at a different address than the one you provided on your mail-in ballot application; you will need to complete this form.

11. **How do I change or add my email address on the mail-in ballot application?**

You can simply email that change to us! Be sure to include your name and date of birth so that we can ensure the correct record is being updated. Email us at voters@montcopa.org.

12. **Is photo ID required when voting via absentee?**

You must provide one of the following as proof of identification when voting via absentee: PA Driver's license/ PennDOT ID #, last four digits of your SS #, or a copy of an accepted photo identification.

13. **Can I drop off a family member's ballot?**

No. Similar to voting in person, you are only able to cast your own vote. You cannot collect, drop off or deliver ballots for other people.

If you know a voter who has an illness or disability that will prevent them from dropping off their ballot, they can designate an agent to pick up or drop off their ballot. The agent can only pick up/drop off for voters who are in the same household, and the ballot can only be picked up & returned to our office at 425 Swede St in Norristown. The first page is signed by the agent and the second page needs to be signed by the voter.
